3.Guidance On Completing Your Application Form

As part of CASWA's commitment to equal opportunities, candidates for each post are treated equally. Application forms are the only basis on which the first selection is made to decide whom to call for interview. Only information, which appears on the form, can be considered. It is **very** important that your completed form contains both the information we want about your skills and experience and the information you want to give us. These advice notes are intended to help you to complete your form effectively.

- 1 Read all the information provided especially the job description and person specification. These outline the duties you would be expected to carry out in this post and list the skills, knowledge and abilities that the short listing/interview panel will be looking for.
- 2 You will need to complete the online application form in one session, as Microsoft Forms doesn't allow you to save progress and return later. To help you prepare, there is a separate PDF containing the full list of application questions available for you to review and prepare your answers before completing the form. Alternatively you can complete the word application form and email to info@caswa.org.uk
- 3 Section 8 (Personal Statement) asks you to note down your experience, skills and knowledge in relation to the Job Description and Person Specification using no more than 500 words. **This is the most important part of your application - this is your chance to explain why you are suitable for the job.** It is not enough to say you have the experience, skills and knowledge – you must demonstrate with specific examples. These may be from your current or previous jobs or from out with formal employment.
- 4 Membership of the Protection of Vulnerable Groups Scheme is required as part of the job. Return the completed criminal records form and it will only be considered by the interviewing panel if you are short-listed.
- 5 Completing the Equal Opportunities Monitoring Section is voluntary, and you may skip any question you prefer not to answer.
- 6 All applicants must complete all mandatory parts of the application form.
- 7 References may be taken up for the short-listed applicants before interview. If you do not wish one or both references to be taken up at that point, please indicate on the relevant page. It is our policy not to make an unconditional job offer without taking up references.

CASWA strives to provide an inclusive service. We are committed to:

- reflecting and respecting diversity in all aspects of our service provision.

CASWA aims to be recognised as an equal opportunities' organisation, which sets exemplary standards in recruitment and selection. We intend to ensure that equal opportunity recruitment becomes a reality in practice and not simply a paper commitment.

To achieve the above aim, and check the effectiveness of our Equal Opportunities Policy, we monitor a range of areas where people may experience discrimination.

Why we need your help.

We can only accurately assess the effectiveness of our equal opportunities policies and procedures if you let us have the information we are requesting. This section of the application form is voluntary and you do not have to complete every question, but the more information we have, the more reliable our statistics will be.

The information which you provide will help us to monitor: -

- Whether applications are being received from a broad cross-section of people.
- Whether people appointed represent a cross-section of those who apply and are suitably qualified.
- Whether our recruitment, selection procedures and working practices, are fair.
- Whether our policies meet the diverse needs of our employees and volunteers.

Our Equal Opportunities Monitoring Form reflects all nine protected characteristics under the Equality Act 2010, along with additional categories that support inclusive practice (such as gender identity, sexual orientation, caring responsibilities and disability detail). This information helps us ensure our recruitment processes remain fair, accessible and representative.

What will happen to my information?

The monitoring information will not be used in any part of the selection procedure and will not be seen by any member in the recruitment group. The information you provide will help us to monitor and review our recruitment and selection procedure. Details of individuals will **not** be identifiable from any statistical information we produce.

What if I have any questions?

Please do not hesitate to contact CASWA using the contact information provided in this information pack.

How long we keep your information

We keep the personal information that we obtain about you during the recruitment process for no longer than is necessary for the purposes for which it is processed. How long we keep your information will depend on whether your application is successful, and you become employed by us, the nature of the information collected and the purposes for why it is processed.

If there is a clear business reason for keeping recruitment records for longer than the recruitment period, we may do so but will first consider whether the records can be pseudonymised, and how long it is reasonable to keep them. Normally, we will keep recruitment information (including interview notes) for no longer than is reasonable, taking into account the limitation periods for potential claims such as race or sex discrimination (extended to take account of early conciliation), after which they will be destroyed.

If your application is successful, we will keep only the recruitment information that is necessary in relation to your employment.
